Addendum No. 3

for

"Phase 1b – Contract G – Finished Water Transmission Main"

Illinois Alluvial Regional Water Company
Jersey County, Illinois

H&A File No. 71000-412 Contract "G"
October 14, 2026

The Contract Documents prepared by MECO-Heneghan Engineers, LLC for Phase 1b Contract "G" for the Illinois Alluvial Regional Water Company are hereby amended or clarified as follows:

PROJECT SPECIFICATIONS

Changes/additions/clarifications to the project specifications are as listed below:

Technical Provisions:

- **Specification 330500 for Utility Materials**
 - 2.03.H Approved Suppliers - Add Milford Companies (a Winsupply Company) as an approved equal.
- Minimum wall thickness for 48-inch outside diameter steel casing pipe shall be 0.625-inches.

PROJECT DRAWINGS

Changes/additions/clarifications to the project specifications are as listed below:

- **Sheet A-2** - The 8-inch control valve shall be a V-port segmented ball control valve equipped with a Limitorque QX-2 modulating electric actuator.

GENERAL

- Road Agreements
 - All township roads that are designated as open cut will not require steel casing.

End of Addendum.
